ADDITIONAL APPROPRIATION: \$		N/A	
RECOMMENDED ACTION			
Award a contract to Statewide Traffic Signal Company, Inc. for the construction of traffic signals at the intersections of State Highway 6 at Williams Trace Boulevard, State Highway 6 at Settlers Way Boulevard and State Highway 6 at Frost Pass in a maximum amount of \$506,778.56.			

EXECUTIVE SUMMARY

On July 8, 2010, five qualified bids were received for the construction for the aesthetic improvements of the traffic signals at the intersections of State Highway 6 at Williams Trace Boulevard, State Highway 6 at Settlers Way Boulevard and State Highway 6 at Frost Pass. The low bidder was Statewide Traffic Signal Company, Inc. with a base bid of \$506,778.56. This bid did not include the traffic signal poles. These items will be purchased separately through the recently-approved contract with KW Industries in the amount of \$285,230. This project is estimated to be completed by February 2011.

Statewide Traffic Signal Company has performed in an excellent manner in the past on similar City traffic projects including the installation of the signalized intersections at Jess Pirtle Boulevard and Gillingham Lane and at Austin Parkway and Cross Lakes.

Notice to Proceed will be sent on or about September 1, 2010 with work commencing shortly thereafter. Construction will be complete February 2011. The funding source for this project is the Sugar Land 4B Corporation. Funds are available in TR0702 with an unencumbered balance of \$1,156,524, which leaves \$871,294 available to fund this contract after the signal poles are purchased from KW Industries.

The Public Works Department recommends the City Council award a contract to Statewide Traffic Signal Company, Inc. for the construction of traffic signals at the intersections of State Highway 6 at Williams Trace Boulevard, State Highway 6 at Settlers Way Boulevard and State Highway 6 at Frost Pass in a maximum amount of \$506,778.56.
